New Student Focus

1994-95

ILLINOIS STATE
UNIVERSITY

Student Record Director

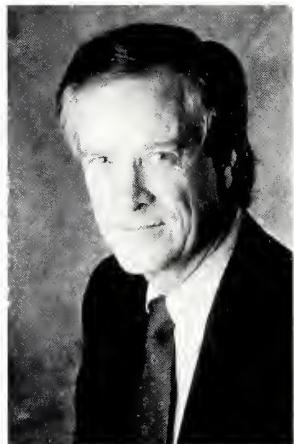

•Rick Hamann•

Public Relations Coordinator

•Michele Keown•

Sponsored by Student Government Association

Illinois State University
1000 Office of the President

Welcome to the 1994-95 Academic Year.

We at Illinois State University are pleased to have you on campus for a new year.

ISU offers a wide variety of academic and cultural programs and activities which combine for one of the best undergraduate experiences in the State of Illinois. Many academic and social events have been scheduled for this coming year with the goal of providing something for every interest. Part of the value of your college education will be gained through taking advantage of opportunities to interact with diverse groups and to become involved with new and interesting endeavors.

Programs are designed to assist you in the pursuit of your formal education, as well as to offer opportunities for you to become involved in extracurricular activities. I encourage you to utilize these programs and services in order to make your year a productive and rewarding one.

Best wishes for a successful and enjoyable academic year.

Regards,

A handwritten signature in black ink, appearing to read "Tom Wallace".

Tom Wallace
President

Welcome to Illinois State University

From The Student Government Association

The Student Government Association (SGA) is comprised of an executive branch, which provides services and programs, and a legislative branch, which provides direct representation. We provide such services as tenant union, the new student focus, the yearbook, senior portraits, party patrol, community clean-up, government relations, and voter registration. The SGA has input on the allocation of student fees, and makes appointments to advisory committees for university departments such as Health Services and Student Life and Programs. The SGA represents ISU students to state legislators, the Illinois Board of Higher Education and the Board of Regents. This ensures that the student's voice is heard on all levels.

A letter from SGA president Jennifer Cowser

Dear New Student:

On behalf of the student body, the Student Government Association, and the entire University community, I would like to welcome you to Illinois State University.

Congratulations on choosing a fine institution of higher education! Throughout your duration here you will find that higher education means much more than education from a text book; it means learning and growing socially and culturally.

However, you can not do that without getting involved. You have the opportunity available to expose yourself to many new ideas, people and organizations. With over 250 registered student organizations on campus the possibilities are endless. I challenge you to become involved in one of these organizations, to broaden your horizons, to make a difference, and more importantly, to get the best "education" possible while you are here.

The Student Government Association is just one of the ways you can get involved. It may be more important to remember that we are here to serve you and help you in every capacity. Please feel free to stop by our office located at 130 Student Services building or call 438-SGA3. I look forward to meeting you.

Sincerely,

Jennifer Cowser
Student Body President

Welcome To Residential Living

Illinois State University Residence Halls:

Atkin/Colby
Dunn/Barton
Hamilton/Whitten
Hewitt/Manchester
Tri Towers: Wilkens/Haynie/Wright
Watterson Towers

Graduates Advice To Incoming Freshmen

- Get involved — College is a lot more than just books
- Pick-up the school's paper, The Daily Vidette to find out what's happening on campus
- Get to know your TA's (Teacher Assistants) and Professors personally — it may help when grade time comes
- Take your validated student ID wherever you go
- Don't sit around your dorm room — get out and see everything
- Weekends start on Thursdays
- Be open to new experiences
- Never register for an 8:00 (A.M.)
- Learn how to use a computer
- Go to class, get to know your professors and realize ISU is unlike any other university
- Do your homework
- Keep your room neat on weekends — parents are known for surprise visits
- Don't eat too much
- Take the hardest classes over the summer at a community college
- Never start a five page paper the night before
- Express yourself by voting in all campus elections
- Keep your door locked — things have a habit of walking away

- Be careful not to overindulge in too many long distance phone calls; the phone bill is a killer
- A road trip to Champaign is a cheap way to get-away-from-it-all on a weekend night
- It's not always a good idea to move in with your best friend
- Apply for all scholarships that you hear about
- Manage your time
- A student is a job. A 24 hour a day, 7 days a week, 40 weeks a year. Sleeping is optional
- Save your blow off classes for senior year
- This is not like high school; effort will not guarantee good grades
- A hair dryer is not the only necessity in college life — don't forget quarters for the washer, an umbrella, aspirin, a dictionary, light bulbs, hangers, and alarm clock, calculator, phone book from home and a combination bottle and can opener.
- Don't get behind the game now, you will regret it later
- Remember to pay back your student loan and or they will repossess your education
- Don't just go to school, live it
- Don't take anything too seriously, keep it all in perspective and enjoy all there is to offer

Some Tidbits Of Illinois State

- Redbird Arena seats 10,700 people.
- Illinois State has a championship 18 hole golf course.
- The university's enrollment consists of 55% females and 45% males.

- Milner Library houses 1,207,825 volumes, serials, and periodicals.
- To find out about library hours, call 438-3684.
- The Greek system has been at Illinois State since 1969.
- Illinois State University enrollment is roughly 22,000 students.

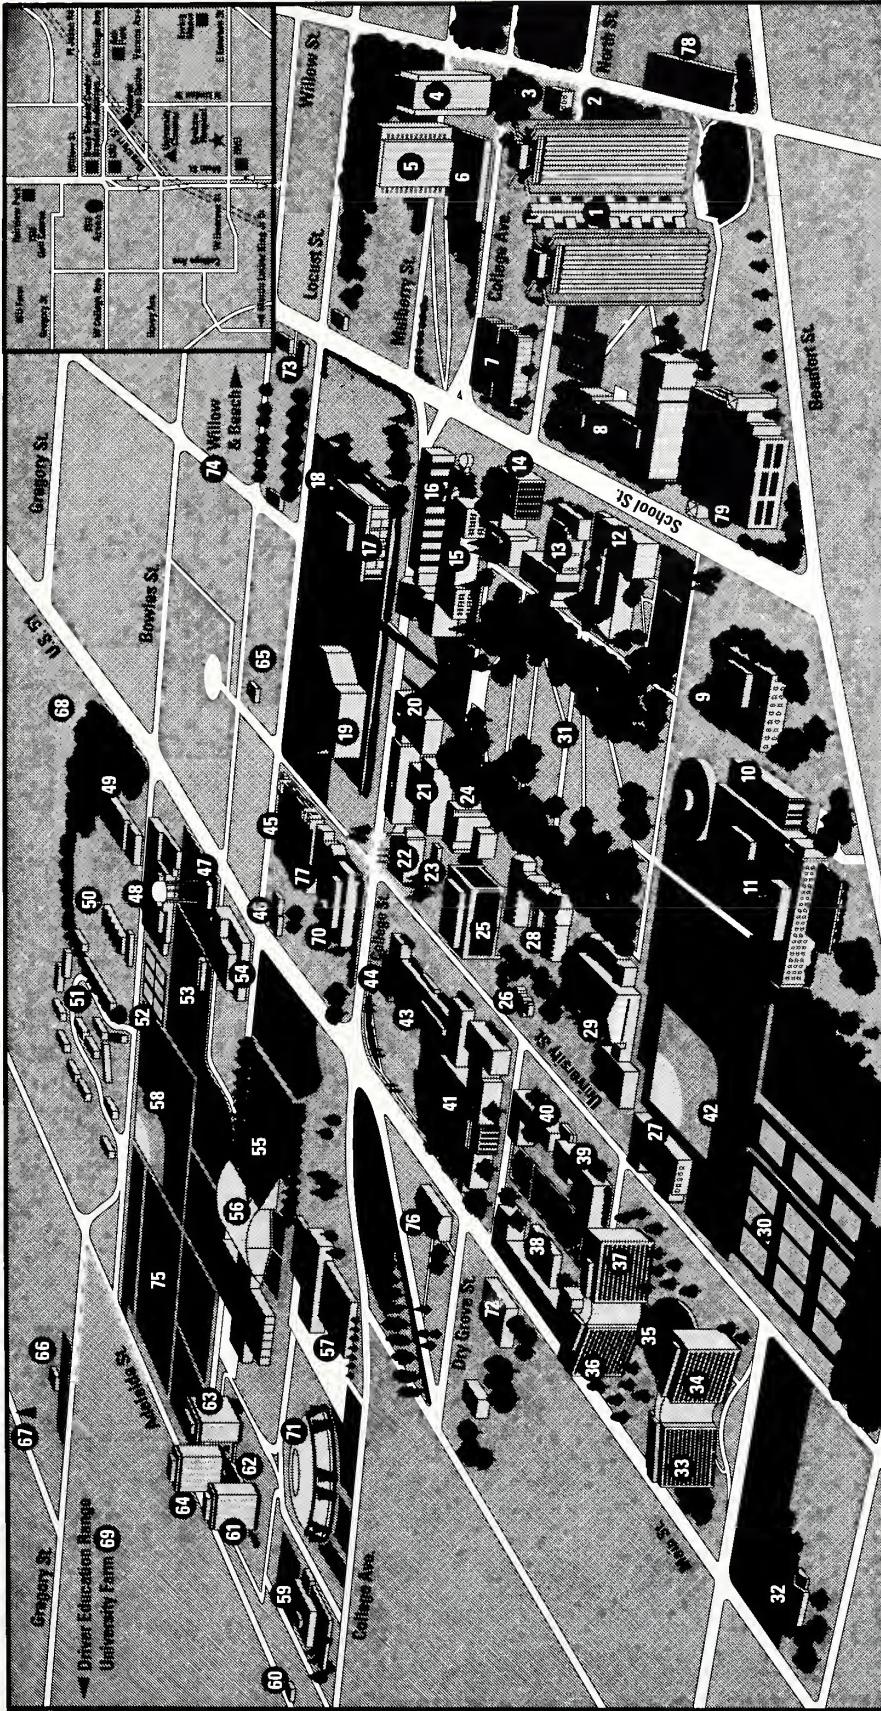

- In 1860, Old Main was the first building erected on Illinois State campus. Now its only remains is the bell displayed in the quad.
- In 1857, Illinois State was founded and is the oldest educational institution in Illinois.

- Located in the quad, the trees planted represent every tree grown in Illinois.
- The university has a tree shaded 850-acre campus.
- Graphically speaking, Bloomington/Normal is approximately 140 miles from Chicago and 150 miles from St. Louis.
